The listed products under normal and foreseeable use do not trigger unacceptable change in the composition or alteration of the characteristics of food and can be put in contact with all types of food.

This confirmation does not apply to the unintended use of the product(s) which can result in a change of composition or organoleptic properties of the product(s). The possible specific interactions between the food to be packed and the product(s) is for the user to be examined. Confirmation is based on suppliers declarations, to the best of our knowledge.

This declaration is valid as long as no changes in the composition of the above product(s) and / or the relevant laws have taken place, in which case it will be renewed. We recommend our customers to verify the regulatory status periodically.

I declare that the information submitted is correct.
